

# Flood Warning Information 2015–16

#### **Emergency Planning Team, Environment & Planning**

Borough Council of King's Lynn & West Norfolk, King's Court, Chapel Street, King's Lynn, Norfolk PE30 1EX Tel: (01553) 616200 Fax: (01553) 691663

Email: emergency.planning@west-norfolk.gov.uk

#### Introduction

Tidal flooding may occur in some low-lying coastal and river areas when certain bad weather conditions and/or high tides coincide. This is more likely from August through the winter months to April, although it could occur at any time.

Sea defences are in place in West Norfolk but extreme conditions may cause these to be damaged or over topped.

If flooding does occur it may be only for a few hours or it may last a lot longer. In extreme situations you maybe asked to leave your property and evacuate to a safe area.

#### Flood risks in West Norfolk

The main risk from tidal flooding is to the coast at Hunstanton, Heacham and Snettisham, the town of King's Lynn, West Lynn and the tidal river between Denver and King's Lynn. The risk also extends eastwards along the coastal sea frontage from Hunstanton to Burnham Overy. Other areas are also at risk across the Fens.

In major flood events embankments are put under severe pressure and some overtopping and breaching is possible. If this happens the Environment Agency will issue flood warnings accordingly and a multi-agency emergency response will take place.

In addition to the areas at risk detailed, severe weather may result in localised flood events from surface run-off, in rural and urban areas or blocked culverts, drains and ditches.

#### **Make an Emergency Box**

An Emergency Box is where you hold something that you can keep - such as vital personal information ie passport, insurance documents and items ie torch and medication that might be useful in an emergency. The box should be small enough to carry and be stored in a safe/secure place that everyone in your family can find.

#### How can I contact people?

History has shown that the telephone system may be overloaded particularly mobile phone networks. Calls should be kept short, as the emergency services need the lines for

communication. If warnings are issued a pre-arranged meeting point may be beneficial. The meeting point may need to be away from home in a safe area, especially where access may have been restricted.

# Bungalow and basements in higher flood risk areas

If you live in either a bungalow, a basement or ground floor flat try to make arrangements in advance to shelter with neighbours who have 'upstairs' accommodation.

Leave a message with neighbours or other persons to say where you have gone.

#### When you receive a flood warning

- · Try to stay calm
- Tell your neighbours, especially the elderly or infirm.
- Fasten your outer doors and position your flood boards, and any other flood protection products.
- Use a radio (battery portable or wind up) and continue to listen in to local news updates.
- Try to move your most valuable objects to a place of safety as quickly as possible, or protect them by tying them into plastic bags.
- · Switch off gas and electricity.
- · Move upstairs if possible
- · Take valuables upstairs, if possible
- Keep food, bottled water, medicines, clothes, blankets, torches and candles with you.
- Fill bath, buckets and other receptacles with water, for washing in case the main supply has to be shut off. Drinking water should be stored in clean bottles or other suitable covered containers for immediate use.
- Remember pets: have a pet carrier, some food and keep pets with you if you have to leave.

# If you are flooded in your accommodation

If flooding occurs before you have had time to leave, get people above the water level and keep as dry as possible. Stay where you are and wait for the emergency services to come to you. Hang a large sheet out of a visible window to attract attention.

#### Hygiene in case of flooding

Protect your health and that of your household by carefully observing basic personal hygiene rules. Always wash hands in clean water before touching food and if in doubt about any food, throw it out. Keep a supply of fresh water available in case mains supply is affected. Keep drinking water in closed containers or bottles for immediate use.

It is particularly important that you do not use any contaminated foodstuffs. Utensils that have been in flood water should be cleaned and boiled (metal utensils for 2 minutes minimum; wood and pottery utensils for 10 minutes minimum) before use.

#### **Calling emergency services**

You can help by not calling the Police or other emergency services unless it is absolutely vital.

#### **Insurance** cover

If you are advised that you should evacuate, the Borough Council cannot be held responsible for your property and contents during your absence, and although the Police will try to prevent looting, you should secure your home in the best possible manner.

It is important to seek the best possible insurance cover for your home and its contents. Check your existing policies and obtain any extra cover needed - it is too late after a flood.

Discuss any claims with authorised assessors only, from recognised insurance companies.

#### **Rest and reception centres**

If you are required to evacuate your premises when a flood warning has been given and you have not been able to make arrangements to go to other accommodation, the Local Authority will organise the opening of reception & rest centres as necessary.

Please do not go to the rest centres unless you are advised to by the emergency services.

# If you are evacuated from your accommodation.

#### Medication

If you are taking any medication, please remember to keep it with you at all times. If you

are evacuated, it will not be readily available at the reception centre.

#### **Pets**

Keep pets with you, and have a suitable pet carrier available in case you need to transport them.

You may take pets with you to the reception centre but any uncaged animals must be kept in a vehicle, or designated compound.

Try and arrange a "pet buddy" to look after your pets outside of the affected area.

#### Bedding and comfort items

If your stay in the rest centre is likely to be prolonged, take a small amount of bedding and food with you, for example a duvet, and crisps, biscuits, chocolate bars. Don't forget nappies for small children.

#### **Financial help**

Where there is urgent and immediate need, and help is not available from any other source, the Department of Work and Pensions may be able to help you with:

- cash for food and fuel during the first days of an emergency.
- payments to help replace clothing, household utensils and other essentials.
- payments to people unable to attend work as a result of flooding.

N.B. Any such payments may have to be refunded later - ask when applying.

If other sources of financial aid become available, details will be publicised on the radio and in the press.

#### Higher Tides at King's Lynn 2015/16

These are the tides predicted to be over 4.1m in height (Ordnance Datum (Newlyn)) Tidal predictions for King's Lynn have been computed by the National Oceanography Centre: copyright reserved. (Times are adjusted for BST)

15 Dec	19:14	4.2
16 Dec	07:42	4.1
16 Dec	19:57	4.1

Note the predicted times and dates of high tides. Be aware that high water may occur at other times, for example, during adverse weather conditions, especially Northerly gales and storms.

Full Tide tables may be purchased in stationery outlets.

Note that tide measurements vary: to convert Ordnance Datum (Newlyn) to Chart Datum at King's Lynn deduct 3.03m; for Dock Sill at King's Lynn add 3.73 m.

# WEST NORFOLK FLOOD

# **WARNING AREAS**

#### **Environment Agency Flood Warning Service**

The Environment Agency issues specific warnings for flooding from most major rivers and the sea in West Norfolk.

#### How to find out about flood warnings

If there is a risk that your property may be affected by river and/or coastal flooding the Environment Agency will make every effort to provide advance warning. BUT it is your responsibility to take the appropriate steps to protect yourself and your property.

You can sign up to Floodline Warnings direct online at www.gov.uk/flood or by dialling 0345 988 1188. Messages can be sent to you via telephone, mobile phone, fax, text or email.

Flood warnings will be broadcast on many local radio stations. The warnings will identify the specific areas affected. If you are concerned that weather conditions may cause flooding, you should listen to:

- BBC Radio Norfolk
- 104.4 FM 855 & 873 MW
- KLFM 96.7 FM

During major flood events, regional television will also broadcast flood warning information.

#### **Public Safety**

People are advised to listen to local radio stations at times of heightened flood risk for more information and not to contact the emergency services for non emergency matters.

If a decision is made that people need to evacuate their homes or premises and go to a safer location eg to relatives or friends out of the affected area, information will be provided via

local radio as to the best routes to take and any transport arrangements in place. The location and opening times of any rest centres in use and any other public safety messages will also be broadcast.

# What can I do to be prepared for

Flood protection products can be fitted to your home or business in advance of any flood event. They can help to minimise the damage caused by flood water. Many can be fitted by a competent DIY person or local trades person.

Further information about suitable products can be found on the National Flood Forum website at www.floodforum.org.uk

For those that still wish to use sandbags they can be purchased from local DIY and builders merchants. However sandbags on their own are not effective against stopping the ingress of floodwater to properties.

Keep sentimental or important items upstairs -(photographs, insurance documents)

Be aware of the flood risk and high tide information for your area

Do help any of your neighbours who are elderly or infirm to prepare and respond.

### **Floodline**

Floodline is an Environment Agency telephone service, where you can listen to recorded flood warning information or speak to an operator for general information and advice, 24 hours a day.

## Just dial 0345 988 1188 using your Floodline Quick Dial

#### Code on the map below

At the prompt select 1 and then you can use your Quick Dial Code to access the information:

PRECAUTIONARY EVACUATION **North Norfolk** NOTICE (PEN) - Coast at Snettisham, Hunstanton Coast 034311 **Heacham and Hunstanton** There are a large number of caravans **PEN Area 0341131** and properties that lie between the flood embankments on the north west Norfolk coast at Snettisham. Heacham 0341132 **Heacham Coast** Heacham and Hunstanton. If PEN Area 0341132 evacuation is required then a great deal of time is needed to complete this task safely. Because of this **Snettisham Coast Snettisham** emergency responders have worked 0341133 **PEN Area 0341133** together to put in place specific flood warning evacuation procedures in the area.

If the Environment Agency issue a precautionary evacuation notice (PEN) flood warning for these areas, then additional warning signs will be displayed approaching the area and roads leading to the area will be closed. Responders will visit the affected properties in the area and caravan sites will carry out their own site evacuations.

Forecasting along this part of the coast is very complex and because of the nature of the defences in the area flooding can occur very quickly. It is important that you follow the instructions given and take action for your own safety.

#### **Clearing up**

The emergency services will obviously have a lot to do, so it will help if you keep initial requests to those that are absolutely essential. Requests for assistance when clearing up should be made as follows:-

#### **General Information**

Borough Council - Tel No. 01553 616200 or 01553 616601 out of hours

#### Checking electrical wiring:

UK Power Networks - Tel No. 0800 7838838

## Checking suspect gas supplies:

National Grid - Tel No. 0800 111999

These numbers should be used even when gas and electricity are supplied by different

#### Checking suspect water supplies:

Anglian Water - Tel No. 08457 145 145 (24 hrs)

#### Other useful telephone numbers
